

Basic operation -2

The image shows a screenshot of an iOS Contacts application interface. At the top, the status bar displays 'Carrier', signal strength, Wi-Fi, and the time '1:23 PM'. Below the status bar, there is a menu icon and a text field labeled 'Addr book: Contacts.csv' with a left-pointing arrow and the annotation '←Type here for file name'. The main content area displays a list of contacts: Kate Bell, Daniel Higgins Jr., n Appleseed, Anna Haro (with a blue selection circle), Hank M. Zakroff, and David Taylor. Each contact has an 'Edit' button. The 'Delete' button for 'n Appleseed' is highlighted in red, with an annotation '←Swipe left to delete'. An annotation 'Show six contents→' points to the list. An annotation 'Tap to edit the content' points to the 'Edit' button for David Taylor. An annotation 'Change color of circle to blue/white with tap' points to the blue circle next to Anna Haro. An annotation 'Tap "Printer" then show preview' points to the printer icon in the bottom toolbar. The bottom toolbar contains icons for 'Clear', 'Add', 'Sort', 'Save', 'List', and 'Preview'. Annotations 'Delete all contents' and 'Insert content at first line' point to the 'Clear' and 'Add' icons respectively. An annotation 'Save to file' points to the 'Save' icon.
